

2018-19 U.S. FIGURE SKATING FACTSHEET

ABOUT U.S. FIGURE SKATING

U.S. Figure Skating is the national governing body for the sport of figure skating in the United States. U.S. Figure Skating is a member of the International Skating Union (ISU), the international federation for figure skating and the U.S. Olympic Committee (USOC).

U.S. Figure Skating is comprised of member clubs, collegiate clubs, school-affiliated clubs, individual members and Friends of Figure Skating.

There were seven charter member clubs in 1921 when the association was formed and first became a member of the ISU. To date, U.S. Figure Skating has more than 750 member, school-affiliated and collegiate clubs.

Stemming from the rebrand and success of U.S. Figure Skating's Basic Skills Program, Learn to Skate USA serves the needs of both the recreational and competitive skater. Launched June 1, 2016, more than 1,000 Learn to Skate USA programs are now active in 49 states.

U.S. Figure Skating's national headquarters — in Colorado Springs, Colorado — is also home to the World Figure Skating Museum & Hall of Fame, which is toured by more than 3,000 visitors annually.

More than 475 volunteers filling approximately 950 positions serve on U.S. Figure Skating's Board of Directors and numerous committees. Thousands of other volunteers dedicate their time to club activities, judging, officiating and competition management.

FIGURE SKATING BY THE NUMBERS

19 | Consecutive Olympic Winter Games at which at least one U.S. figure skater has won a medal, dating back to 1948, when Dick Button won his first Olympic gold

23 | International gold medals won by Team USA during the 2017-18 season (all levels; includes singles, pairs, ice dance and synchronized)

54 | World titles won by U.S. figure skaters

82 | Number of athletes making up the A, B, C, D team envelopes

84 | International medals won by Team USA during the 2017-18 season (all levels; includes singles, pairs, ice dance and synchronized)

194 | World Championships medals won by the United States (more than any other country)

376 | Competitors at the 2018 Prudential U.S. Figure Skating Championships in San Jose, California

615 | Registered synchronized teams for the 2017-18 season

1,133 | Credentials issued at the 2018 Prudential U.S. Championships (media, coaches, officials, skaters)

2,400+ | Record total hours of 2018 Olympic Winter Games coverage from NBCUniversal channels

108,264 | Total attendance at most recent ISU World Figure Skating Championships hosted by the U.S.

130,000 | Approximate readership of SKATING magazine

\$150,000 | Amount that will be awarded to U.S. Figure Skating athletes from the organization's bonus program in 2018-19

192,110 | U.S. Figure Skating members during the 2017-18 season

\$14.5 MILLION | Amount spent in 2017-18 on direct and indirect athlete funding and assistance, sending athletes to international competitions, athlete programs, collegiate skating programs, synchronized skating programs and performance bonuses

1.85 BILLION | Total minutes of live streaming coverage of the 2018 Olympic Winter Games on NBC Sports Digital

Factsheet information current as of Sept. 1, 2018.

U.S. FIGURE SKATING MEMBERSHIP

U.S. FIGURE SKATING BOASTS **192,110** MEMBERS IN MORE THAN 750 MEMBER, COLLEGIATE AND SCHOOL-AFFILIATED CLUBS.

LEARN TO SKATE USA

Learn to Skate USA, powered by Toyota, is an enhanced iteration of the Basic Skills Program. Launched on June 1, 2016, it is the only beginning skating program endorsed by U.S. Figure Skating, USA Hockey and US Speedskating, with support from Special Olympics and the Professional Skaters Association (PSA).

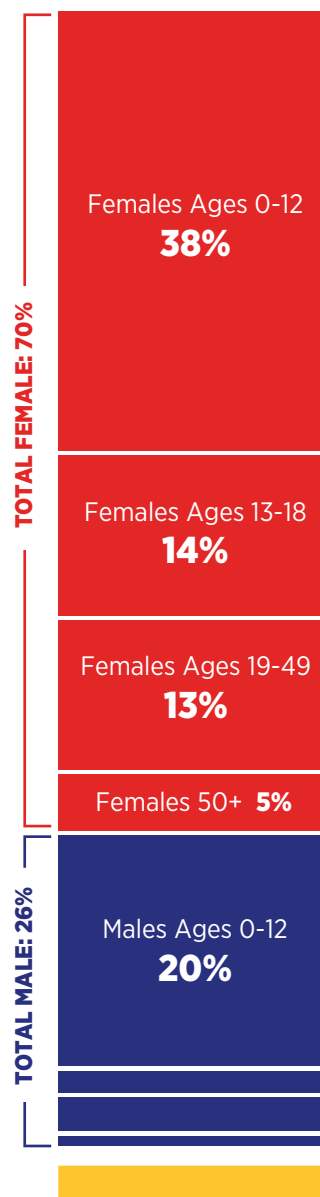

The mission of Learn to Skate USA is to provide a fun and positive experience that will instill a lifelong love of skating. Designed to be the best beginning ice skating program for both the recreational and the competitive skater, Learn to Skate USA is built on the premise of offering positive, rewarding and safe skating experiences to participants of all ages and ability levels.

The objectives of Learn to Skate USA are:

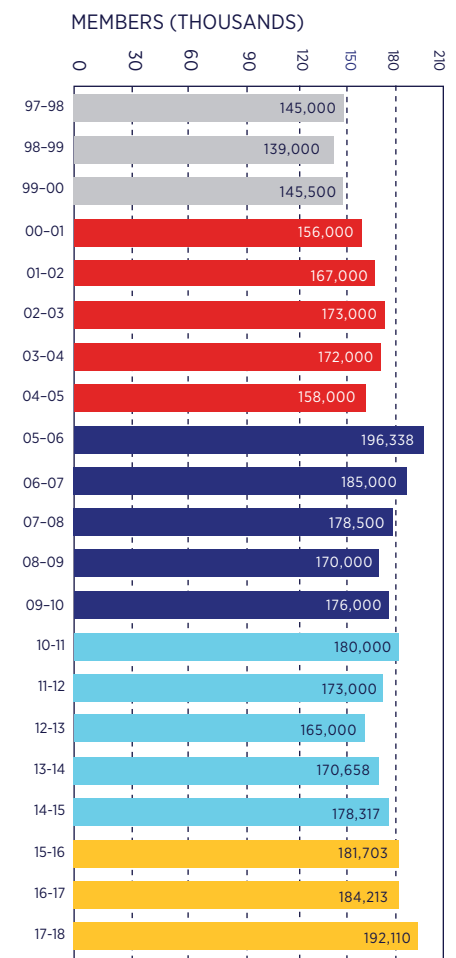

- Teach children and adults the fundamentals of ice skating while building confidence and skills through each lesson.
- Provide a progressive curriculum that ensures success from the first steps on the ice to the mastery of advanced skills.
- Promote the health and fitness benefits of ice skating.
- Equip each participant with the foundation necessary to reach their goal, be it recreational or competitive in nature.

OVERALL MEMBERSHIP BY AGE

U.S. FIGURE SKATING MEMBERSHIP

U.S. FIGURE SKATING PROGRAMS

SYNCHRONIZED SKATING

Synchronized skating is a highly technical form of team skating characterized by speed, accuracy, intricate formations and transitions performed by teams of 8 to 20 skaters. Currently, 615 teams are registered with U.S. Figure Skating, with about 5,000 athletes participating annually in sectional championships.

Team skating competitions first began in 1976 in Ann Arbor, Michigan. In 1984, 38 teams competed at what was then called the U.S. Precision Championships.

In 2000, Minneapolis hosted the first ISU World Synchronized Skating Championships.

In 2003, more than 100 teams competed at the U.S. Synchronized Skating Championships.

In 2013, the ISU World Synchronized Skating Championships came back to the United States for the third time, taking place in Boston. The Haydenettes of Lexington, Massachusetts, won their fourth consecutive World bronze medal.

In 2017, 24 teams competed at the ISU World Synchronized Skating Championships in Colorado Springs, Colorado. The event was held for the fourth time in the United States and the second time in Colorado Springs.

Synchronized skating provides figure skaters the opportunity to participate in a team sport. It also gives more skaters a chance to compete at the sectional and national levels. Teams compete in non-qualifying events and qualifying events that culminate with the U.S. Synchronized Skating Championships.

Each year, U.S. Figure Skating selects

approximately 12 teams with 20 athletes per team to represent the United States at select international competitions, the World Junior Synchronized Skating Championships and the World Synchronized Skating Championships. The 2019 U.S. Synchronized Skating Championships will be held Feb. 28 - March 2 in Plymouth, Michigan.

COLLEGIATE SYNCHRONIZED SKATING

Collegiate synchronized skating offers athletes the unique experience of competing for their school or university. As recently as 1998, there were only four collegiate synchronized skating teams in the country. In 2018, 37 colleges competed in the collegiate and open collegiate divisions.

Teams representing universities are also eligible to compete at the senior and junior levels. Miami University has been the U.S. champion at the senior level three times (1999, 2006 and 2009). In 2007, Miami University in Oxford, Ohio, won the silver medal at the World Synchronized Skating Championships — the highest placement and first World medal for any U.S. synchronized skating team.

COLLEGIATE SKATING

The U.S. Collegiate Figure Skating Championships, founded in 1985, is the longest-running of all the collegiate programs. Every summer, junior- and senior-level skaters from around the country compete at this event. It is the only individual competition open solely to full-time college students.

The 2018 U.S. Collegiate Championships were held Aug. 2-4, in Adrian, Michigan. Recent U.S. Collegiate Championships

have attracted skaters from 21 states and 37 colleges. Previous locations include Pittsburgh; Rochester, Michigan; South Dennis, Massachusetts; Sun Valley, Idaho; Arvada, Colorado; Honolulu; and Lake Placid, New York.

INTERCOLLEGIATE TEAM FIGURE SKATING

Intercollegiate team figure skating is the fastest-growing segment of collegiate figure skating.

Intercollegiate team figure skating is a series of competitions governed by the U.S. Figure Skating Collegiate Program Committee that allows head-to-head competition in singles, team maneuvers and solo dance among collegiate and intercollegiate figure skating clubs.

The first intercollegiate competitions were held in 1997 and lasted only a few hours; now they're held over multiple days. More than 100 intercollegiate teams registered with U.S. Figure Skating with approximately 110 active collegiate clubs across the country.

The 18th U.S. Intercollegiate Championships was held in April 2018 in Denver.

The U.S. Figure Skating Athlete Development Department functions with the goal of enhancing each athlete's experience while helping skaters reach their potential in whatever they choose to pursue. From high school programs and collegiate skating to solo dance, adult skating, Theatre On Ice and National Showcase, U.S. Figure Skating offers a variety of programs to fit the interests of every skater.

For more information, visit USFigureSkating.org.

U.S. FIGURE SKATING FUNDING

"The funding and support provided by the Memorial Fund is crucial to us achieving our dreams. Without this help, I wouldn't be able to make it to where I am now."

NATHAN CHEN, 2018 WORLD CHAMPION
& MEMORIAL FUND RECIPIENT

U.S. FIGURE SKATING MEMORIAL FUND

On Feb. 15, 1961, a plane crash in Belgium took the lives of the entire U.S. World Figure Skating Team, which included athletes, officials, coaches, family and friends who were on their way to the World Figure Skating Championships in Prague.

Rather than erecting a monument to memorialize the 1961 World Team, U.S. Figure Skating created the Memorial Fund as a living endowment to assist skaters in reaching their highest potential. For 57 years, the Memorial Fund has paid tribute to the fine character of that team by soliciting contributions from individuals, corporations and foundations, and has used those funds in the form of financial assistance to aspiring skaters.

The Memorial Fund supports three programs: the Competitive Skaters Assistance Program (CSAP), the Academic Scholarship Program (ASP) and the RISE Youth Essay Contest. From these programs, qualified skaters receive support to help defray their training and college expenses. Over the 2018-19 season, 180 skaters will receive financial assistance totaling \$360,000 from the Memorial Fund.

Since 1993, the Memorial Fund has awarded more than \$7 million in funds to qualified athletes.

For more information on the Memorial Fund and how to contribute, visit 1961MemorialFund.com.

ATHLETE FUNDING

More than \$14 million of U.S. Figure Skating's estimated annual budget of \$18 million was put toward athlete funding and assistance in 2017-18, sending athletes to international

competitions, athlete programs, synchronized skating programs and performance bonuses. This number represents more than 80 percent of the organization's total budget, which underscores the commitment U.S. Figure Skating has to its athletes.

Throughout the 2018-19 season, U.S. Figure Skating will directly distribute more than \$1 million to its athletes through training grants and financial assistance. The funding — distributed through the Athlete Support Program (ASUPP), the Synchronized Team Funding, the U.S. Figure Skating bonus program and the U.S. Figure Skating Memorial Fund — reaches novice, junior and senior skaters.

Funding from ASUPP and Synchronized Team Envelope Fund will assist more than 180 U.S. figure skaters and synchronized skaters who were selected to the 2018-19 team envelope.

The U.S. Figure Skating Team Envelope system has been established to identify top figure skaters throughout the United States. Athletes are selected to one of five envelopes — Team A, Team B, Team C, Team D (developmental) and Reserve Team — based on their competition placements from the previous season. The five-level system serves as a guideline when determining funding levels and privileges.

More than \$1 million is used for team travel, international housing and competition expenses. U.S. Figure Skating will send approximately 500 athletes to more than 35 international figure and synchronized skating competitions during the 2018-19 season.

U.S. Figure Skating offers a variety of scholarships, grants and awards intended to grow the sport of figure skating. In addition to the Memorial Fund, scholar-

ships include the U.S. Figure Skating Scholastic Honors Team, the Helen M. McLoraine Figure Skating Scholarship Program and the Joyce Komperda Athlete Support Fund. U.S. Figure Skating also awards numerous grants each year, including the Elaine Theisen Fund for Special Olympics and adaptive skating programs and six U.S. Figure Skating Community Development Grants.

For the third year, U.S. Figure Skating will offer the World Team Academic Scholarship Program to eligible World Team members. Established by the Pioneer Fund, a private family foundation created by the late Helen M. McLoraine, the scholarships are intended to defray costs for student-athletes pursuing an undergraduate degree at an accredited secondary institution. This scholarship was matched by the Lisa McGraw Foundation and will award \$24,000 to recipients.

For more information, visit www.usfigureskating.org.

FINANCE

The mission of U.S. Figure Skating is advanced and supported by an estimated annual budget of \$18 million. Revenue sources include U.S. Figure Skating memberships, charitable gifts to the Memorial Fund and other select programs, the U.S. Figure Skating Foundation, corporate sponsorships and publications.

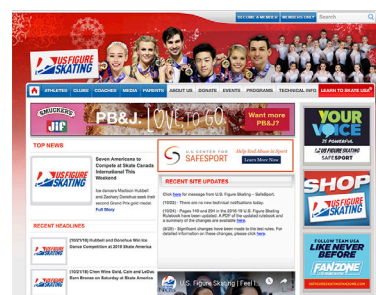

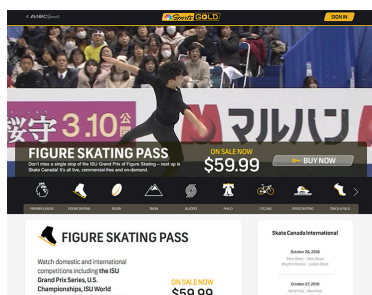

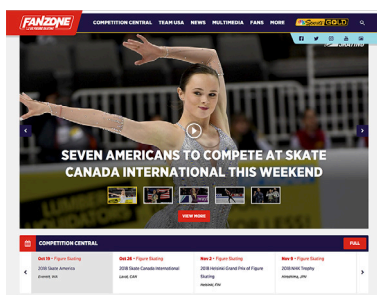

In addition, the U.S. Olympic Committee supports U.S. Figure Skating athletes through high performance funding programs and Operation Gold.

To learn how you can support U.S. Figure Skating's mission, contact Brent Diederich, manager, giving programs, at 719.228.3424 or bdiederich@usfigureskating.org.

U.S. FIGURE SKATING INFORMATION

SKATING MAGAZINE

SKATING is the official publication of U.S. Figure Skating and is considered one of the premier figure skating magazines in the world. SKATING is a three-time recipient of the Edi Award for Skating Publication of the Year, awarded by the Professional Skaters Association (PSA).

In its 95th year, SKATING boasts a subscription list of more than 43,000 and a readership of approximately 130,000. The magazine, which is published 10 times per year, is a full-color, newsstand-quality publication available to all U.S. Figure Skating members and subscribers.

SKATING is also available through the U.S. Figure Skating Publications App.

In 2013, U.S. Figure Skating launched the SKATING Magazine Archive. The archive, a tool for the organization's members, is a fully searchable digital database that allows users to access every story and photo published in the magazine since the inaugural December 1923 edition.

For more information or to subscribe, visit USFigureSkatingMagazine.com.

Annual SKATING magazine subscriptions are available for \$32.50 within the United States. Canadian (\$42.50) and foreign (\$52.50) subscriptions are also available.

U.S. FIGURE SKATING FAN ZONE

The U.S. Figure Skating Fan Zone is the best place for fans to catch up on the latest U.S. Figure Skating news, highlights, stories and social media. It aims to give fans not just the latest scores and news, but also a behind-the-scenes look at their favorite Team USA figure skaters. In addition to being home to a large amount of competition video, it also includes video features, as well as IceTalk 2.0, the popular podcast hosted by Nick McCarvel and Jackie Wong.

The Fan Zone features live coverage of U.S. Figure Skating Championships, Sectionals, Synchronized Skating Championships and more. It includes archives of these events, as well as on-demand coverage. Visit the website to learn more: USFigureSkatingFanZone.com.

PUBLICATIONS APP

In January 2013, U.S. Figure Skating released the U.S. Figure Skating Publications Application. The app features a collection of publications including SKATING magazine, the U.S. Figure Skating rulebook and more.

The app is free to download. However, some publications require a purchase,

subscription or U.S. Figure Skating membership to access. To download the app, go to iTunes or the Google Play Store and search "U.S. Figure Skating."

U.S. FIGURE SKATING ONLINE

USFigureSkating.org is the official website of U.S. Figure Skating. Its purpose is to provide information to U.S. Figure Skating's members, athletes, coaches, judges and officials.

Visitors can join U.S. Figure Skating's Friends of Figure Skating, subscribe to SKATING magazine and donate to the Memorial Fund. Visit USFigureSkating.org.

NBC SPORTS GOLD

Starting with the 2018-19 season, U.S. Figure Skating and NBC Sports Group will offer a "Figure Skating Pass" on NBC Sports Gold, giving fans access to live and on-demand domestic and international figure skating competitions. This exciting new product will feature some of the content previously offered on icenetwork.com. NBC Sports Gold is available on Apple iOS, Android, Apple TV, Amazon Fire TV, Chromecast, Roku and online at NBCSportsGold.com.

USA U.S. FIGURE SKATING EVENTS & MORE

U.S. FIGURE SKATING EVENTS

More than 1,700 events, including shows, exhibitions and competitions, are sanctioned by U.S. Figure Skating each year.

The nine regional competitions, followed by three sectional competitions, begin the pipeline of U.S. Figure Skating's qualifying competitions, which lead top athletes to U.S., World and Olympic levels. In the past 10 years, more than 20,000 figure skaters have competed at the regional level.

In addition to the many club, regional and sectional competitions, U.S. Figure Skating conducts the U.S. Figure Skating Championships and Skate America. Skate America is one of six prestigious events included in the ISU Grand Prix of Figure Skating Series.

The U.S. Championships are the premier domestic event conducted each year by U.S. Figure Skating. The competition features more than 375 skaters vying for national titles in five divisions (senior, junior, novice, intermediate and juvenile).

The U.S. Championships are typically held for nine days in January. Bidding to become the event's host city takes place two to three years in advance of the event and bidding for other U.S. Figure Skating qualifying competitions takes place two years in advance. Clubs vying for any event must meet event requirements and venue specifications to be eligible.

The 2010 AT&T U.S. Figure Skating Championships, held at Spokane Arena in Spokane, Washington, produced a record attendance of 158,170 spectators throughout the week. The sellout crowds beat the previous record set at the 2007 State Farm U.S. Figure Skating Championships held at Spokane Arena by approximately 25,000 tickets sold.

The U.S. Adult Figure Skating Championships debuted in 1995. The 2018 U.S. Adult Championships were held in Marlborough, Massachusetts, and featured more than 400 skaters competing in more than 100 events.

Onsite survey responses were collected via mobile devices at the 2018 Prudential U.S. Figure Skating Championships (Jan. 5-6, 2018) in San Jose, California. A total of 682 surveys were completed. A detailed follow-up online survey was sent to onsite attendees who provided a valid email address. A total of 820 surveys were completed from Jan. 17-31, 2018. (Research conducted by Turnkey Intelligence)

U.S. FIGURE SKATING MEDIA

TELEVISION COVERAGE OF FIGURE SKATING AT THE OLYMPICS

Figure skating has arguably the highest visibility of any winter Olympic sport, consistently receiving more primetime broadcast hours than any other sport in national and Olympic television programming.

During the 2018 Olympic Winter Games in PyeongChang, South Korea, the 11 days of figure skating competition were broadcast in primetime. On average, NBC's primetime broadcast averaged 17.8 million viewers with a 10.1 household rating/18 share.

The 1994 Olympic Winter Games figure skating broadcasts are the highest-rated winter Olympic television programming of all time. The ladies short program from Lillehammer, Norway, had the sixth-highest rating in television history (48.5) and was the third largest of all time for a sporting event, placing behind Super Bowl XVI and Super Bowl XVII. Through 18 nights of the 2018 Olympic Winter Games, NBC Olympics' coverage was the top-rated program.

NBC's unprecedented coverage of the 2018 Olympic Winter Games attracted nearly 348 million in total audience delivery. A Winter Olympics-record 1.58 billion minutes of video were streamed live on NBC Olympics' digital platforms. Additionally, more than 17 billion minutes of video were streamed, more than tripling the total set at the Sochi Olympics. NBCUniversal platforms – NBC (176 hours), NBCSN (369), CNBC (46), USA Network (40.5) and NBCOlympics.com/NBC Sports app (1,800+) – offered the most in-depth coverage in Winter Olympics history, totaling 2,400+ hours.

The 2018 Olympic Winter Games were the first Games where live primetime coverage was available side-by-side on broadcast, cable and via live stream.

FIGURE SKATING ON NBC SPORTS AND BEYOND

In April 2018, U.S. Figure Skating announced two major media rights agreements that guarantee unprecedented coverage of figure skating in the United States through the 2026 season. The first was an eight-year extension of its broadcast rights agreement with NBC and the second was icenetwork's acquisition of all U.S. media rights for International Skating Union (ISU) events through the 2025-26 season.

Through 2026, NBC Sports will present an unprecedented 80+ hours of coverage, including 30+ hours of figure skating coverage on NBC, with an additional 50+ hours airing on NBCSN. Additionally, U.S. Figure Skating launched the "Figure Skating Pass" on NBC Sports Gold, NBC Sports Digital's direct-to-consumer live streaming product, giving fans access to live and on-demand domestic and international figure skating competition beginning with the 2018-19 season.

The ISU agreement with icenetwork, LLC, a wholly-owned subsidiary of U.S. Figure Skating, covers multiple distribution platforms and guarantees live coverage of ISU events, including the World Figure Skating Championships, the Four Continents Championships and the Grand Prix of Figure Skating Series on NBC Sports Gold, as well as television coverage on NBC, NBC Sports Network and the Olympic Channel: Home of Team USA.
